

# Young Researcher Training

Entrepreneurship II - My Research: Commercialisation,  
Intellectual Property, Science to Policy, Impact on Society

Are you a postdoc or a young researcher?

Thinking about

- How to turn your research into a business?
- How NGOs, the public sector, and municipalities can benefit from your research?
- How your research can make a positive contribution to society?
- How and when to protect your intellectual property? Who to contact in the administration of Charles University?

## REGISTER

What will you gain
